Police Gazette Horoscope for October

Capricorn (the goat) Dec 22-Jan 19

A coworker or cellmate is feeling amorous this month, so let it all hang out! An old song will bring back memories that could lead to another round of "therapy" if you aren't careful, so keep a stiff upper lip!

Aquarius (the water bearer) Jan 20-Feb 18
Whenever you hear the word "Santa" be sure to look left and right before continuing. A couple of old friends are looking for you and it is NOT to repay what they owe.

Pisces (the fish) Feb 19-Mar 20
9 and 53 bring a bad reputation, so steer clear of them at all costs. Avoid soul food and Spanish dancers on the 17th.

Aries (the ram) Mar 21-Apr 19
Needles and marmalade is not the name of an English techno band, but rather something you should keep on hand in October. Three blind men could herald good tidings.

Taurus (the bull) Apr 20-May 20
Listen for the sound of a train whistle and follow it if you want to know the answer to your recent dilemma. 43 and 7 bring ill tidings.

Gemini (the twins) May 21-Jun 21
Strike up a conversation with a young lady in a plaid skirt and you could find yourself well on the way to your next adventure! Anyone claiming to know religious texts is not to be trusted. Keep steady and well heeled on the 14th.

Cancer (the crab) Jun 22-Jul 22

An emotional argument over a billiards table could lead to disaster, so keep ready to run at any moment. Three different sounds herald a coming victory. Can you name them?

Leo (the lion) Jul 23-Aug 22

A man with a blonde toupee could be careless in his travels, so keep your eyes peeled for opportunity and be well armed.

Virgo (the virgin) Aug 23-Sep 22
Fruit leads to labor and a closed mouth garners no brass knuckles. Avoid country music and horses around the middle of the month.

Libra (the scales) Sep 23-Oct 22
How many women can FIT into your "secret room"? As the Spirits told you before, it is getting a bit too crowded. Time to thin the herd and dispose of any excess baggage, so do it now.

Scorpio (the scorpion) Oct 23-Nov 21
Someone with the initial "Y" has been watching you a bit too closely, so don't eat foods that crunch and hide all valuables for safety. 2 and 544 will be good fortune if you can locate them.

Sagittarius (the archer) Nov 22-Dec 21
Be careful around gas ovens and baby toys on the 10th. That funny smell you've been concerned about could be your eventual salvation if you gamble wisely.
