Police Gazette Horoscope for August

Capricorn (the goat) Dec 22-Jan 19
Ask for things you know are impossible and delight in the answers you will receive. A co-worker or cellmate has an interesting new toy, but remember that they MUST sleep sometime!

Aquarius (the water bearer) Jan 20-Feb 18
The smell of a bakery will remind you of old fears. Stay away from mothballs and anyone with a lisp on the 5th and 23rd.

Pisces (the fish) Feb 19-Mar 20
Listen for the word "milkshake" used in casual conversation. The person who spoke it not only means you harm but is also carrying a large amount of cash. Act accordingly.

Aries (the ram) Mar 21-Apr 19
Over the top! This is YOUR month to take chances, so go out and see it shine! 3 and 7 are lucky numbers, and a man with a blue denim jacket is your best ally.

Taurus (the bull) Apr 20-May 20
What were you doing one year ago tonight? Better hope the authorities don't remember either! A package on a doorstep leads to adventure and romance, so keep your engine running and eyes peeled!

Gemini (the twins) May 21-Jun 21
Listen for strange words from strangers when you are in a small cafe. If anything strikes your fancy be sure and follow the person who spoke the words. Your digestive system is weaker this cycle, so stay away from spicy foods and any new drugs you are offered.

Cancer (the crab) Jun 22-Jul 22
Feel free to make your approach, but don't look overeager. A woman in red could hold the key to an amazing new scheme, so don't be shy!

Leo (the lion) Jul 23-Aug 22
It's a little known fact that eating roadkill gives a person both great insight and marvelous physical strength. Keep a keen eye for anything colored purple dangling from a stranger's pocket. 453 and 0 will mean something special to you before the month is through.

Virgo (the virgin) Aug 23-Sep 22
Beware of would-be cellmates and their crazy-sounding new ideas. Watch plenty of television when it is allowed and you will encounter a startling new theory that could appeal to you.

Libra (the scales) Sep 23-Oct 22
Car trouble could lead to an exciting new romance especially if you are well armed. Cruise the back roads and look for anyone in distress. It could be the time of your life!

Scorpio (the scorpion) Oct 23-Nov 21
What smells like smoke but makes a low buzzing sound? If you don't know now, you shall soon find out! M and SL are people who should not be trusted. Keep your friends close and your rivals closer.

Sagittarius (the archer) Nov 22-Dec 21
It would be nice to get some fresh air, so look for a break around the 15th. Butterflies and moths have their advantages, but a keen sparrow respects neither!
