## Police Gazette Horoscope for September

**Capricorn** (the goat) Dec 22-Jan 19  
This could be the month to test out that new surgery idea you have been dreaming about. A sick friend needs your help whether they know it or not. So stay alert.

**Aquarius** (the water bearer) Jan 20-Feb 18  
Keep clear of anyone wearing suspenders this month and all cats. A bearded man will ask you a question. Answer and then run!

**Pisces** (the fish) Feb 19-Mar 20  
Gospel Music and pancakes don't sound like your kind of fun, but if you keep your wits you will discover that they are quite a lucky combination! Stay away from motorhomes and places beginning with the letter Z and this month will not be your last.

**Aries** (the ram) Mar 21-Apr 19  
Red Rover, Red Rover! Let money come over! This is your month financially. Keep a sharp blade and a sharp eye, and you could be in for a windfall.

**Taurus** (the bull) Apr 20-May 20  
Why is a dead cat like a windmill? Figure this out and your dilemma is solved! 4 and 9 are up to no good, so keep them close as the month progresses.

**Gemini** (the twins) May 21-Jun 21  
Listen for a deep whistle and walk in its direction. A man with a brown shirt could be carrying a lot of loose cash, so be prepared to act.

**Cancer** (the crab) Jun 22-Jul 22  
A cellmate or coworker has been overly emotional lately, and it could have something to do with you. If you can't take advantage of the situation, it's best to ignore their problems and fears or else you could end up in a pickle.

**Leo** (the lion) Jul 23-Aug 22  
A wrestling match could lead to a new romance this month, so be open to possibilities. 432 and 8 are numbers to avoid.

**Virgo** (the virgin) Aug 23-Sep 22  
Open doors lead to open lives, so be sure and burn your bridges! Mexican food will not suit your system this month, and beware of insect bites.

**Libra** (the scales) Sep 23-Oct 22  
Do candle wax and roofing nails mean anything to you? They will soon! Walk backward and count to 10 if you hear anyone speak the name "Nero."

**Scorpio** (the scorpion) Oct 23-Nov 21  
An old friend comes back into your life with bizarre new plans. Pretend to be interested, but keep well armed. Mother's milk will soothe your ulcers if you know where to find it!

**Sagittarius** (the archer) Nov 22-Dec 21  
Swimming should not be on your agenda this month, nor should barn dances or girls called "Erica." Keep clean but not overly dressed, and things will work in your favor.
