## TRENTON, NEW JERSEY PUNK SAVE FACE

Save Face is a punk rock band bringing together numerous influences to construct an aggressive, energetic sound. The band's debut EP "Lost At Heart" is available to download for free at <http://saveface.bandcamp.com/>

### BRIGHT AND EARLY

During the past few months, Bright and Early would spend hours promoting a contest that would fund studio costs for their 3rd EP. Hundreds of people rallied together in support and the band finished in 1st place! They released a live music video of a new song for the fans and everyone was almost sure they'd be selected to go to San Francisco to perform and claim their prize.

On January 10th the band received a phone call while in the studio recording their 3rd EP. They were not selected. Now, \$5,000 in debt... the band is again forced to pull together. After 3 solid years of touring and making fans, they are not stopping now. With a new EP that will gain the respect of Queen fans, a team of people helping to make it happen, and the support of their fan base... Bright and Early is on track to make waves in the world of rock music. [www.brightandearlymusic.com](http://www.brightandearlymusic.com)

LAUNCHTUBE RECORDS' EAST WEST EXPERIMENT RELEASE DEBUT ALBUM FOR FANS OF ELECTRO/ POP/ ROCK/ ELECTRO-RAP, CHECK IT OUT!

East West Xperiment use their debut album "Everything As Of Yesterday" to meld inventive Rock, Pop & Rhyme in a way that respects the intelligence of their listeners. Mike Burrell (voc/ bass) and Dave Rice (guitar/co-voc) started working together in 2006. Before sorting a bandname, they were a nameless duo producing remixes for FANGS (Scotland); Dutch Uncles (England); Snowden (US); Mike Dignam (England); and Olympus Mons (England). No artist was disappointed with the Rice-Burrell remixes.

They applied unique remix techniques and ideas into their own songs, hence the amalgam of influences leading to an East West Xperiment. Their debut album is the "full-band" version of later-to-be-released remixes. The band is from Binghamton, New York. <https://www.facebook.com/EastWestX>
