The Adventures of Kim Dotcom

By Tremolo Van Boing

When the Moth Fakir discovered he had powers and abilities beyond those of mortal men, he wanted to see how far he could go. The result of his first big experiment...

The 9/11 attacks.

The Moth has no political agenda. He did it just because he could.

With the help of his friend Julian Assange, Kim Dotcom discovered through internet back channels the Moth Fakir's identity and purpose, and dedicated his life from that moment to stopping the evil omnipotent mind.

The U.S. government, with the intelligence of a child, has foolishly been trying to bring down both Assange and Dotcom, not knowing that Kim Dotcom is working to save not just that country,

BUT THE WORLD....
