

BASEMENT AUDIO Recording Studio

"Clearly having a lot of passion in his work, he makes us feel like our project means just as much to him as it does to us. That goes a long way, and if you're willing to put the time and energy into it, Dave can make your music sound like anything you want it to be."

- Tyler Fedoris (Hillcrest)

"I found Basement Audio about a year ago after having tried other local studios. Dave is hands down the best guy to work with. As a vocalist, I really appreciate being able to go into a studio and not just have someone run the sound, but also to invest themselves in the process. Dave does that. He won't quit until it's perfect."

- Felicia Mitchell (Singer)

"Basement Audio is the place to go! Dave Rice is the most efficient and most down to earth audio engineer in the area."

- Pat Grzelak (Drummer/Singer of Elektryk Bestia)

"Basement Audio is professional, comfortable, and affordable. Dave Rice brings out the essence of your music, and captures the passion in your artwork."

- Scott Graham (Singer of Krooked Knuckles)

"Basement Audio is top shelf. Dave Rice not only has the tools to get your job done but he takes the time to understand your vision and offer suggestions."

- Ian Daddybones (Original Geeks Podcast)

"Highly pleased with the finished tracks and will recommend it to any musician or band looking for quality studio time at a competitive rate."

- Jon Molina (Singer/Guitarist of Forest Friend)
