

July Fest at the Rivertrail Debut a Hit!

Cosmal, with guitar, performs his brand of world/trance/fusion using live looping at July Fest at the Rivertrail—partly sponsored by the *Police Gazette*—on July 14th. At left is live painter Ali Laz who accompanies Cosmal at every performance. At right, Brandon Rodriguez demonstrates his mastery of the hoop. Brandon is not only a hoop dancer, fire dancer, and contortionist, he is also starring, along with the *Police Gazette's* editor, in the upcoming release from I Am Horror Studios *The House on Ghost Hill Road* due out next year. Brandon and Cosmal were just two of the many entertainers who wowed the crowd at this new addition to the traditional annual July Fest. It was so successful, event organizer Erik DeFont told us he'd like to put one of these on "every month."

A young burgeoning artist follows the example of Ali Laz at July Fest at the Rivertrail.
